Commercial cleaning refers to the cleaning of an organisation or company that is partaken by hired individuals that are professionally trained and appropriately skilled. At Realcorp we specialise in strata cleaning and office cleaning, as well as agency aged care cleaning hire. How much does commercial cleaning cost? The cost of commercial cleaning can vary drastically as many intricacies need to be taken into consideration including the size of the space, number of offices or levels of a building and the extent of the services required. We offer additional services that we generally charge as required by the facility, such as Carpet cleaning Carpark scrubbing Bin washing Supply of consumables Cleaning of external windows Sanitary bin servicing Cleaning of walls (spot cleaning of marks is included) Furniture upholstery cleaning Spring cleaning External building pressure clean Grounds and gardens maintenance Re-sealing of tiles or concrete Replacement of lighting Additional cleaning required after significant weather events or floods If you require further information regarding pricing or have any queries you can either contact us or fill out an enquiry form and we'll be able to generate a custom proposal for you. Are your commercial cleaning services up to COVID 19 standards? Yes! Your best defence against the spread of pandemic related illness, staff shortages and productivity loss rests upon one simple strategy: keeping your spaces clean with commercial sanitising and commercial disinfection. Unfortunately, routine corporate cleaning procedures, while effective under normal circumstances, may not be sufficient to protect your staff and keep occupants safe from certain viruses, especially highly contagious variants and strains. Preventative cleaning and sanitising during the pandemic helps ensure that your business remains safe, clean and open longer. Are your commercial cleaning staff well- equipped and trained? Realcorp is proud to confirm that we only engage staff via direct employment. We have no subcontractors on any of our sites meaning we have a greater trust in our team that are trained up to Realcorp quality standards. Staff receive both general cleaning training and also property specific training. We hire our team through out multi-layered recruitment and onboarding process to ensure we are hiring only the best candidates. This process includes: Formal interviews Distribution of Realcorp Operations Manual and online induction test completed by candidate to assess cleaning theory References, visas, qualifications, tickets and police checks checked and recorded Trial shift Site induction Employment under supervision We also ensure all team members working on your property undertake site specific training. This is to ensure both management and the team member feel comfortable and confident to provide the high-level of quality cleaning we expect. Do you pay your cleaning staff fairly? All employees are paid in accordance with the Cleaning Services Award and Fair Work, which includes award rates and full compliance with superannuation, work cover, payroll tax, portable LSL and other Fair Work obligations. In an industry where subcontractors are too often engaged on sub-legal terms, we are strong believers that paying our team fairly is not only the right thing to do from legal and ethical perspectives but aligns with our long-term strategy of keeping our team engaged and their strong performance maintained. Are your commercial cleaning products of high grade? At Realcorp we use top quality cleaning products that are not only great for the job at hand but are also environmentally conscious. We use 'Oates' products which for over 75 years in Australia, have been the leaders in innovation and design of cleaning

equipment and products. Realcorp work with the Oates Innovation team to test new products and provide direct feedback on industry needs. COMMERCIAL CLEANING TESTIMONIALS I had to send multiple emails each week to the previous contractor to advise of inadequate cleaning or areas that were missed. But now with the obvious structure in Realcorp's systems, my time taken in overseeing the cleaning contract is significantly decreased. Cathy, McCain Foods I've had numerous staff going out of their way to tell me how impressed they are with the cleaning since Realcorp took over the contract. Paula, Davies Collison Cave It is difficult to find a company that will go that extra mile when it comes to maintaining the clean appearance required with a workplace. Realcorp certainly tick that box. Dani, Nutrano Thanks again for coming out today, it was great to walk the site and review the work. You guys are doing such a great job and are a pleasure to work with! Best so far for this building in 10 years! Anthony, Chairman, 5 Wardens Walk Realcorp have been servicing out building since 2018.
